

TCS NEWSLETTER

Friday, September 12th

We hope you've had a wonderful week! In Jeremiah 29:11, we are reminded that God's plans for us are filled with hope and a bright future. What a great encouragement to trust Him fully, knowing that He is working for our good. May we all walk into this weekend with hearts confident in His promises.

TEMPLE CHRISTIAN SCHOOL

- 10:45am Homecoming Parade
- 11:00am Crowning Homecoming King & Queen
- 12:00pm Varsity Boys Soccer vs. Lima Central Catholic

SEPTEMBER 19TH & SEPTEMBER 20TH

Elementary Chapel: During last week's elementary chapel, our students explored the simple yet powerful message of Micah 6:8: to act justly, love mercy, and walk humbly with God. They learned that God isn't looking for big, showy gestures, but for hearts that choose kindness, fairness, and humility every day. Through

worship, prayer, and our chapel message, the children discovered practical ways to live out this verse—at school, at home, and with friends—by showing respect, extending compassion, and walking closely with the Lord.

4th Science

Our 4th grade scientists had an exciting hands-on lesson this week! Students explored the scientific method by experimenting with different tools to see which one best mimicked the unique way a hummingbird uses its tongue. It was a fun and memorable way to connect science with God's amazing creation.

1st Grade Spelling:

Mrs. Rocca's 1st graders have been working hard on their spelling words this week! Through fun practice and repetition, students are not only strengthening their spelling skills but also building confidence in reading and writing — important foundations for lifelong learning.

K5 Centers:

Mrs. Neff's K5 students launched their classroom centers this week! During center time, children rotate through activities that strengthen fine motor skills, writing, math, and reading. These engaging centers not only make learning fun but also help students build important skills that prepare them for success in Kindergarten and beyond.

K4 Art Project:

Our K4 class is "nuts for K4!" Our students had a wonderful time painting acorns this week, using bright colors and lots of creativity. Their finished acorns made for a fun fall project and brought big smiles to the classroom.

2nd Grade Bible

Mrs. Rager's 2nd grade class has begun learning important Bible study skills! This week, students practiced using the Table of Contents to navigate their Bibles and looked up their weekly memory verse. Soon, they'll take on the exciting challenge of memorizing the books of the Bible, building a strong foundation for their faith.

When reporting elementary student tardies, absences, or pick-up changes, please email both Amy Link at linka@tcspioneers.org and Manetta Shoup at shoupm@tcspioneers.org. This helps ensure your message is received even if one of our staff members is out of the office. Thank you for helping us keep our records accurate!

Last Friday, over 100 students attended our first Fellowship of Christian Athletes (FCA) meeting of the year! During the meeting, Russell Powell, Levi Williams, and Zac Metz shared insights from the Romans Road, focusing on Romans 3:23 and 6:23. They encouraged students to put their trust in God, even when we don't know His plan for us. Mr. Green closed the discussion by explaining what it means to be born again: recognizing our sin, repenting, and receiving Jesus as our Savior. We praise the Lord for His mercy and grace on our FCA ministry and look forward to a wonderful year of fellowship and faith.

Pioneers Shine at the Ridgedale Invitational!

Nolyn Wright earned the distinction of having the lowest individual score in the tournament — an outstanding accomplishment! Meanwhile, the team placed 2nd overall, showcasing their skill and teamwork. Pictured left to right are Drew Marshall, Nolyn Wright, Derek Shultz, and Ryker Szuch — congratulations to all for a fantastic performance!

9th Grade Language Arts

Our 9th grade students explored the world of American poetry last week. After researching two great poets, Emily Dickinson and Robert Frost, students shared their findings with the class. Together, they read and discussed selected poems, gaining a deeper appreciation for the writers' unique styles and timeless themes.

IMPORTANT EVENTS:
