OTM/TAG COURSES

OTM approved courses (Ohio Transfer Module) are general education courses that are guaranteed to transfer from one Ohio public college or university to another.

TAG approved courses (Transfer Assurance Guide) are discipline-specific courses that fulfill major, minor, or other program requirements at all Ohio public colleges and universities, typically the first year of a bachelor's degree. Some courses are identified as both OTM and TAG.

In addition, the Ohio Transfer Module (OTM) is a complete block of general education courses common among the Associate of Arts (AA), Associate of Science (AS), and bachelor's degrees. Therefore, the OTM provides students a guaranteed opportunity to transfer courses either on an individual basis or as a block. For more information please contact our Advising Office.

COLLEGE CREDIT PLUS PATHWAYS

Earn College Credit while still in High School!

College Credit Plus gives high school students the opportunity to take college courses and receive college credit for free, while still in high school. CCP Courses can be taken in a number of ways, including:

- > At your high school taught by a high school instructor (adjunct)
- At your high school taught by a Rhodes State instructor
- > On Rhodes State College Campus taught by a Rhodes State instructor
- ► Online, taught by a Rhodes State instructor

If you are a student in grades 7-12 you can apply for Rhodes State's College Credit Plus admission. The college will admit you based on your college-readiness in one or more subject areas. Your school counselor can help you understand your options, deadlines, and how to proceed.

Qualifying CCP courses are divided into two levels: > >

Level 1: College Credit Plus students must start with Level 1 courses for their first 15 credits. These are courses for students who haven't completed at least 15 transferable credit hours, courses that apply toward a certificate/pathway/study skills and/or academic success courses, and courses in computer science, info technology, anatomy/ physiology, foreign language or American Sign Language.

Level 2: Once students have completed 15 hours of college credit, they can enroll in any course that is not on the 'non-allowable' list. Enrollment in Level Two courses will be based on prerequisites and course availability.

KEY CCP STEPS

Attend your High School's CCP Information Night. Information Nights are held between October and February. For more information on when and where these will be held, please contact your high school counselor.

Submit Letter of Intent: Public school students must submit the "Intent to Participate" form to the HS Guidance Office. Non-public or Homeschooled students submit letters to the Ohio Department of Higher Education. The deadline for submission is April 1st of the year before enrolling in CCP courses.

Apply to Rhodes State College: If you are a new CCP Student, you must apply ິວ to Rhodes State College. This can be completed online at www.rhodesstate.edu. Look for the **APPLY NOW** link.

• After you submit your application, you will receive an acceptance letter with your Rhodes State College Student ID number (R#) within a few days from us.

Submit Test Scores/Placement Testing:

Ask your School Counselor to send your High School transcripts with ACT/SAT scores to Rhodes State College and arrange to take placement tests.

Orientation: Attend either an on campus or online orientation.

Register for Classes: Schedule your CCP classes with your High School Guidance Counselor or your Rhodes State College CCP advisor.
