

TCS Re-Enrollment News

February, 2021

Parents,

Re-enrollment has begun at TCS for the 2021-22 school year. God has been good to TCS and we look forward to the great things He is going to do in our future. Our mission is to "Glorify God by providing students a Christ-centered education marked by excellence and grounded in Biblical truth".

TCS made the commitment this past summer to continue in-person learning for our students. We continue to believe that having students in the classroom is the best way to educate a child. Through the difficult circumstances brought on by Covid-19, we have done our best to continue to provide a safe environment and an excellent Christian education for each of our students. Thank you for allowing us the privilege of educating your children this year. We look forward to having your family return for the 2021-22 school year.

TCS has influenced many lives. Many have trusted Christ while at Temple, and many have grown and matured in Christ while at Temple, thus preparing them to go out and serve the Lord in whatever He has called them to do. We have former students working and serving in many professions and ministries including education, law enforcement, business, medicine, law, missions, church ministry, accounting, technology, etc. TCS offers many academic and extracurricular activities that help our students develop the talents and abilities with which the Lord has blessed them. We have been able to balance the budget over the last several years and we will continue to manage school finances in a way that will remain fiscally responsible while providing the highest quality product possible for our students and families.

TCS continues to be very competitive with other Christian schools and private schools in the greater Lima area and the state of Ohio. We appreciate your prayers and your continued support as we endeavor to serve our current families and many new families in the coming years.
